## U.S. BANK SMART REWARDS®

U.S. Bank Smart Rewards offers unique benefits based on your relationship with U.S. Bank and its affiliates, driven by the amount of qualifying balances. Benefits may include waivers of common fees as well as discounts on other U.S. Bank products. U.S. Bank Smart Rewards is included with the U.S. Bank Smartly Checking account only. Safe Debit accounts are not eligible.

### Your U.S. Bank Smart Rewards Tier

Your U.S. Bank Smartly Checking account U.S. Bank Smart Rewards tier is based on the aggregate of qualified balances you have on deposit in an eligible product. This is referred to as your “Combined Qualified Balance” (CQB). The CQB calculation is also applicable to the U.S. Bank Smartly Savings Interest Rate Bump calculation on page 10 of this document.

### Eligible Product

The following products are eligible for inclusion in your CQB:

- Consumer checking, money market, savings, Certificate of Deposits (CDs), and/or Individual Retirement Accounts (IRAs)
- Personal Trust accounts<sup>1</sup>
- U.S. Bancorp Advisors<sup>2</sup> brokerage accounts

*Note: Business and commercial products are never eligible.*

### Qualified Balance

Funds on deposit in an eligible product, where you have ownership interest, are counted towards your CQB.

- Examples of eligible customer to account relationship types, include, but are not limited to: Individual owner, joint owner, principal non-signer
- Conversely, funds on deposit in an eligible product that do not grant ownership interest, are not counted towards your CQB.

- Examples of ineligible customer to account relationship types, include, but are not limited to: Trustee (IFI)<sup>3</sup>, Grantor (GRT)<sup>4</sup>, all Irrevocable Trust roles, Payable on Death, Representative Payee, Guardian.

### Determining Your CQB

There are two CQB calculations completed for every customer.

- **Monthly** – Upon the opening of your first account, and thereafter at the beginning of each calendar month, your historical average CQB is calculated by summing all available previous days **qualified balances** and dividing by the number of days since the first **eligible product** was opened (90 calendar day maximum).
- **Daily** – Each day your CQB is calculated by totaling your end of day **qualified balance** on deposit in an **eligible product**.

### Determining Your U.S. Bank Smart Rewards Tier

Your tier is based on the better of your daily or monthly CQB calculation. Once a tier has been assigned to you, it will not be downgraded for the remainder of that calendar month. However, at any point during a calendar month, you may receive a tier upgrade based upon your daily CQB. Assignment of an initial tier, monthly tier upgrade or downgrade, and/or daily tier upgrades generally are applied within five business days.

For your individual accounts, your U.S. Bank Smart Rewards tier will be your tier (as described above). For joint accounts, the U.S. Bank Smart Rewards tier is assigned the highest tier associated with any account owner. Upon the assignment of a tier, the associated U.S. Bank Smart Rewards benefits will begin.

### Other

Changes in the ownership structure or closure of your U.S. Bank Smartly Checking account may result in immediate loss of tier and associated benefits.

### Customer Group Benefits

Reviews associated with the Customer Groups occur daily. However, in most cases, we will provide at least a 60 day notice before the loss of any group benefit.

Customer Groups benefits are outlined on pages 8 and 9.
